

Left/Right and Digital Pizza - Organized [OUT NOW]

Written by Clint

Saturday, 09 October 2010 00:21 -

[STREAM on SOUNDCLOUD](#)

Dallas producers Left/Right and Digital Pizza team up again to present *Organized*, a formidable follow up to their last chart-topping smasher. This time the duo gear up and get their hands dirty with more raucous beats and booming bass. Combining styles from electro, dubstep, soul, and breaks, *Organized* is a brilliantly cohesive clutter. Dive into the mayhem

late August 27 on Sound Of Habib with remixes by 9b0 and the Hunter Vaughan to follow.

REVIEWS:

"Texas' Left/Right always comes with the classy breakbeat flavour, and this collaboration with Digital Pizza is another tight-bottomed funky little banger, with a slight ravey edge thanks to the diva-esque female vocal snatches. Those who like their tunes to do more than just roll will appreciate a track that shifts up regularly as it slides with insouciant cool from one section to the next, never leaving the ears bored."

-IDJ Mag

"Yep in my sets, rocking"

-Barry Ashworth (Dub Pistols, UK)

"Monster bass hook! Will be playing this out a lot."

-Farace (Kick It Recordings, US)

"Hot track! Slick as hell guys. You have my full support with this one!"

-Refracture (Dusted Breaks, UK)

"Big peak time rockin number boys! Love the trip into dubstep. Keep it up !!"

-Run Riot (We Are Live Records, UK)

"Quality well produced intelligent breaks here we'll definitely give these a spin on the radio and in the clubs"

-George 601 (Rocstar, UK)

"Nice work! Will defo get some plays outta this one!"

-Lee Martin (Dusted Breaks Records, UK)

"I've been playing this one a lot. L/R & DP always come correct and this one only proves it that much more."

-Ceos (Downbeat Recordings)

"Holy frijoles -- Left / Right has smashed it again with Organized! Full throttle support from me on NSB Radio, I am looking forward to the crowds' reaction at upcoming gigs around the Bay Area and at Burning Man."

-Scratch (NSB Radio, US)
