DIABLO LOCO RECORDS is the new quality label focused on Tech-Funk, Electro-House, Tech-Breaks sound by top artists of the international scene. Inspired by the traditional Mexican wrestling culture and the famous Luchadores the label aim to deliver top class singles, remixes, compilations and design! Slovakian top quality Luchador MACHO aka "El Demonio Azul" is back on DIABLO LOCO RECORDS for further adventures in the Lucha Libre world. The ambassador of "Booty-Bass" excellence got a special mission in Florida, USA. Three young Luchadores undertake a mission to Cuba and when they've finished they take a boat headed back to Florida, only for it to be disappeared off the ocean's surface by magic undersea city machines that pop out of the water. Their boat is there one second, and gone the next, and there were some fishermen who says the three luchadores were never seen again. El Demonio Azul went to Florida and managed to identify that the magic undersea city machines were controlled by the mad scientist Robotnik and his gang. Our hero superior in the battle against Robotnik, save the three young Luchadores and destroy all evil machines. This is his new Lucha single, two massive tracks to shake dancefloors with!
