

Geon - Karnak ***OUT NOW ON BANDCAMP!!!***

Posted by toastandjamrecordings - 2024/01/18 19:27

Karnak showcases some exceptionally crisp and clean production from Geon. A nice tight snare and vocal loop really stand out in this jam as a droning synth bass keeps up with the cosmic theme. Karnak features some bell-like synth work and laser fx to pace out the 16th notes as Geon keeps the dance floor energy rolling.
