Out now! XBRD07 Roshi – Lay By Me

Exogenic Breaks Records releases the second digital single Lay By Me from producer sensei Roshi's debut upcoming album. Besides of the tight production of Roshi, Lay By Me features vocals of Jere Garcia from Accu.

On Lay By Me Roshi has incorporated organic soundscapes familiar from rock into electric beats in the spirit of massive stoner breaks. The result is a hair raising depechemodish power track with heavy sized guitars and vocals by Jere Garcia from Accu.

Roshi, formerly also known as Monk, has been a visible figure in the Finnish drum and bass scene for almost ten years. Roshi has been involved in numerous other projects, such as Koe, which released one of the first drum n bass albums in Finland in the year 2002, Stealth Unit Sound Collective and project Roshi and the Junkmen. He is also working with the breakbeat influenced project The Jar. Besides of Exogenic Breaks he has released on labels such as Nine2Five Recordings and Botchit Breaks. The upcoming debut long play, due to be out in early 2009, will feature notorious guests such as Redrama, Jere Garcia (Accu), Lacce Väyrynen (Accu), Jan Rechberger (Amorphis, All Human Substitutes) and Jasse Kesti (Possible Apple, German Electronics).
