Moda is one of the most exciting new music brands to explode out of the UK in recent years. Since launching in 2006, it's grown from an intimate party in a dimly lit bar, to 1600 people raving hard to the worlds best DJ's & live acts... And now they're coming to London!

Fronted by Radio 1's Jaymo & Andy George, the Moda success story includes being named as one of the best clubs of 2008 by dance music oracle Mixmag, a critically acclaimed record label, & a list of previous guests that covers everyone from Annie Mac, Kissy Sell Out & Simian Mobile Disco to Hot Chip, Klaxons & Little Boots. In short, Moda is all about hosting the coolest artists, fronting cutting-edge music & generally throwing some of the best parties around!

Moda London will see Jaymo & Andy George bring along some of their closest musical allies for a lawless mash-up of the new music! Massive guests names, secret acts & a general air of unpredictability, means this will be one of the freshest spots to touch East in a long time!

All the action kicks off at 9am on BBC Radio 1 with Jaymo & Andy's live show - then the party continues until 2am at MacBETH, Hoxton St, Shoreditch.

Moda Owns You!
