The Destroyerz
Adrenaline Breaks
Rapid Fire Records // Vancouver

Straight to the chase, the Destroyerz are part of a new generation of modern breakbeat artists. These two monsters know nothing other than things like 'Mean Munchers', 'Ass rippers', 'Raging Monsters', and 'Runaway Dumptrucks'. At the controls of this rinsing ride is newcomer breaks dj Militia, who is quickly becoming known around the globe as a respected female breaks representative. Beside Militia stands breakbeat juggernaut DJ/MC/Producer/ N.U.D.L.Z. He has spent the major portion of the last decade either in the studio, on the road, on stage, or on the air waves.

The Destroyerz are the self proclaimed 'most enthusiastic and unrelenting nu skool showcase in the universe' Since they met two years ago they have really become an inseparable force to be reckoned with. The onstage chemistry between breakbeat's most popular couple is beyond words.. unforgettable energy that is so positive and unpretentious - True love, positivity, and sounds so f@#king mean and massive that even the Devil himself gets a little envious.

Long Live The Destroyerz!

Keeping Breakbeats Evil
