

## Review by the WinoWarrior

Breakbeat, electro, and disco fans....

THE EAGLE HAS LANDED!!! That's right guys and girls, this release by *the DJ VovKing* out of **Vyhoda, Ukraine** is simply HUGE!!!! Every single track on this E.P. is not only a keeper, but a dancefloor destroyer.

You may know **VovKing** as the frontman of the **Access Granted** show with Access Denied. VovKing now hosts the **Access Granted** radio show live right here on Nubreaks every other Monday at 2PM Eastern time and is now continuing to expand, develop and hone his skills in the production arena with his latest release of the **Sour Breaks E.P.** on **Elektroshok**. If you like great full-sounding production, rowdy rolling electro-bass and disco funk to move [jogar casino](#) yo junk, then you cannot miss out on this 4-track E.P.

**Bounce** comes at ya with a nice catchy synth and a pimpin' disco-vibe. That combined with a sweet 'n funky guitar riff and some 'Hawkinged-out' samples will surely make you move your booodaaaayyy!! **Disco Beat** is another tight funky and chuggin' tune. Pair that with some rowdy bass-lines atop layers of sharp cuts and stabs and you can't help but be sucked into the breakdown and then hurled forcefully out into a dancefloor frenzy!

**Electrola** fo' sho lives up to its name and is truly a roooowllllaa! This one has some real peak-time appeal and brings a nice old-skool proggy breakdown that climaxes into a serious jam that definitely gets the party hyped.

**Forever Loved**

is the last of the tracks, closing out this well produced and mixed release with a tantalizingly soulful vocal and an epic synth sequence that makes this an instant classic.

Be sure to snatch this up today for a highly-polished production of some real quality funky electro-nuskool breaks that hit hard on the dance floor. This one proves to be a rowdy and bangin' breaks E.P. that easily forges the thin line between electro-funk and tearout and then shreds all over that damn line with a disco-madness all of its own! Do not miss the **Sour Breaks E.P.** by **DJ VovKing!**
