She 'went to sleep that way with her head back and her chin up as though she were in the sun, on the beach, breathing softly, and then she curled toward him on her side and the 'young man lay awake and thought 'about the day. It is very Possible that I couldn't get started, he thought, and it probably is sound to not think about it at all and just enjoy what we have. When I have to work I will. Nothing can stop that. The last book is good and I must make a better one now. This nonsense that we do is fun although I don't know how

much of it is nonsense and how much is serious. Dripping brandy at noon is no damn good and already the simple aperitifs mean nothing. That is not a good sign. She changes from a girl into a boy and back to a girl carelessly and happily. She sleeps easily and beautifully and you will sleep too because all you truly know is that you feel good. You did not sell anything for the money, he thought. Everything she said about the money was true. Actually it all was. true. Everything was free for a time. What was it that she had said about destruction? He could not remember that. She'd said it but he could not remember it. Then he was tired of trying to remember and he looked at the girl and kissed her cheek very lightly and she did not wake. He loved her very much and everything about her and he went to sleep thinking about her cheek against his lips and how the next day they would both be darker from the sun and how dark can she become, he thought, and how dark will she ever really be?
